

# Why get your dish machine and chemicals from Troyer's?

**Check out our variety of programs. We have one to suit you, high or low temp. machines.**

Troyer Foods offers several options to consider when deciding on a dish machine. We have rental, lease to own, and purchase programs. We also have a prorated rental program related to your total purchases from Troyer Foods. All programs come with 24/7 support from Troyer's highly trained technical staff.

## **RENTAL OR PRORATED RENTAL**

Under our rental or prorated rental program Troyer's will perform routine maintenance on your equipment as needed and agreed upon per location. All maintenance and repairs are done with no cost to you as long as Troyer branded chemicals are being used. Prorated rental can get you a dish machine at no charge based on your total purchases from Troyer's.

## **LEASE or PURCHASE**

Under our lease to own or purchase programs Troyer's will perform routine maintenance on your equipment as needed and agreed upon per location. All maintenance and repairs are done with no cost to you during the first year warranty period. After the warranty expires routine maintenance and repairs are done for "parts only" with no labor or trip charge as long as Troyer branded chemicals are being used.

*Programs include removal and installation of new machine but does not include any electric, plumbing, table or hood work required.*

State of the art electronics for high temperature machines.

Hooked up to your machine or a program machine from Troyer's.
